The Grand Staff

The grand staff has two staves (sets of 5 lines) joined together.
We use it for piano music!

Treble clef
We use the treble clef for higher notes (higher sounds).

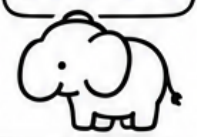

Bass clef
We use the bass clef for lower notes (lower sounds).

Treble clef is higher (up here)!

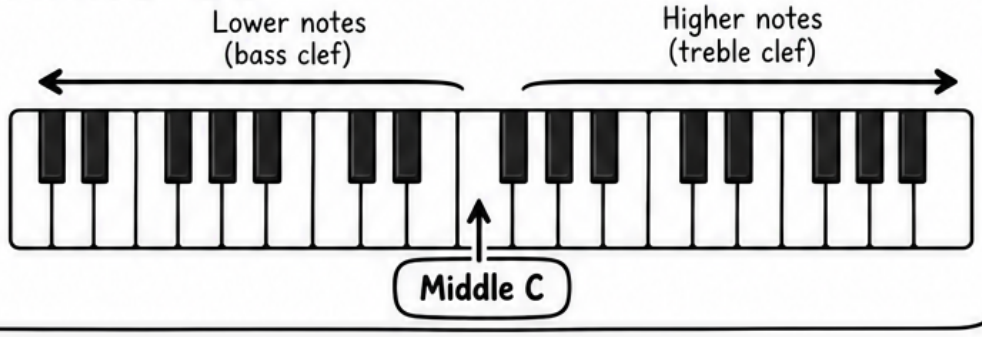

Bass clef is lower (down here)!

Where is Middle C?

Middle C is the note that sits between the two clefs.
It connects the treble and bass staves.

Clef Detective!

Look at all the clefs below. Circle the treble clefs (𝄞) in one colour and the bass clefs (𝄢) in another colour.
